

A Sad Case.

From the Salina Herald.

A sad case of destitution came to our knowledge Thursday. It is only one of the many like cases that are seen among those who pass through Salina coming from the West. In this instance the man, with wife and three children, reached our city in absolute want, on the journey East from Ness county. Two years ago they went there with bright hopes for the future, owning two horses, wagon, cow, and having \$200 in money. He selected a quarter-section and prepared to make himself a home. He was not disappointed by failure of crops the first year, for he expected nothing. The second was but a repetition of the first, in addition to which his horses died, his money was spent, and he was destitute. With manly courage he sat about to devise means to get back where he could get work. He rigged up a hand cart, placed his three small children and his little belongings on it, and with his brave-hearted wife started on their weary march towards the rising sun. They reached this city Wednesday evening, footsore and weary. The wife and mother could walk no further. The father was broken down and discouraged. The children were ill and cross. In this strait he applied to the mayor for aid, who furnished him some money and a recommendation to the conductor. Thursday evening he again started on his journey eastward, but much more comfortably. They walked and camped out during their journey from Ness county and would not ask for aid until comparatively broken down.

Great Distress

is often suddenly experienced from an attack of cramp in the stomach, colic or other painful affections for the relief of which nothing is superior to Dr. Pierce's Compound Extract of Smart-Weed, or Water-Pepper, compounded from the best French brandy, Jamaica ginger, smart-weed, or water-pepper, and anodyne gums. For diarrhoea, dysentery, bloody flux, cholera morbus, its warming, soothing, astringent and heating properties render it a perfect specific, unsurpassed as an anodyne and stimulating embrocation or liniment. Should be kept in every family. Sold by druggists at 50 cents.

August Flower.

The immense sale and great popularity of Green's August Flower in all towns and villages in the civilized world has caused many imitators to adopt similar names, expecting to reap a harvest for themselves at the expense of the afflicted. This medicine was introduced in 1868, and for the cure of Dyspepsia and Liver Complaint, with their effects, such as Sour Stomach, Costiveness, Sick Stomach, Sick Headache, Indigestion, Palpitation of the Heart, vertigo, etc., etc., it never has failed to our knowledge. Three doses will relieve any case of Dyspepsia. Two million bottles sold last year. Price 75 cents. Samples 10 cents.

Be Wise and Happy.

If you will stop all your extravagant and wrong notions in doctoring yourself and families with expensive doctors or humbug cure-alls, that do harm always, and use only nature's simple remedies for all your ailments—you will be wise, well and happy, and save great expense. The greatest remedy for this, the great, wise and good will tell you, is Hop Bitters—rely on it. See another column.—Press.

Notice to Farmers.

An Item of Appropriation.

In telling of Warner's Safe Kidney and Liver Cure, the "Republican," Hudson, N. Y., says in its Washington Items: "It seems to be generally understood that an especial appropriation will be made for the purchase, for the use of the members of Senate and House, Warner's Safe Kidney and Warner's Safe Bitters."

Piles Cured without the Knife.

Amongst hundreds of cases of piles cured recently by Drs. Dickerson & Stark of the Kansas City Surgical Institute, we will give here the names of two patients who have been relieved, J. C. Cobb, Chapel Hill, Mo., Eli Browning, Altoona, Bates Co., Mo.

A great desideratum in the preparation of medicine is that it should be palatable without losing its efficacy. This is the case with PRICKLY ASH BITTERS, and being graded as regards their cathartic properties, they are better adapted for general use than any other similar article. A trial will convince the most skeptical.

Farmers and stock raisers who wish to improve their breeds of sheep should not fail to attend the public sale of thoroughbreds, at the Kansas City stock yards, on the 18th inst. These sales are becoming popular, and are patronized by the best stock raisers of the West. Mr. McClintock has had a large experience, and is well known among stock men as thoroughly reliable. See advertisement in another column.

There is scarcely a person to be found who will not be greatly benefitted by a thorough course of Kidney-Wort every spring. If you feel out of sorts and don't know why, take a package of Kidney-Wort and you will feel like a new creature.—Banner.
